Product Description

7'x18' Equipment Trailer with 2-5200# axles, 15" steel wheels, and swing up ramp with feet.

The Triple Crown 7×18 Equipment Trailer is a versatile and durable solution for hauling equipment, tools, and other utility needs. Built for strength and reliability, this trailer features a spacious 7'x18' deck and is equipped with tandem 5,200 lb axles, offering a robust GVWR of 9,990 lbs. Its 15" steel wheels ensure stability and durability on various terrains, while the swing-up ramps with feet provide ease of loading and unloading heavy machinery or vehicles. Designed with practicality in mind, this new equipment trailer is ideal for both residential and commercial use, making it a dependable choice for landscapers, contractors, and utility work.
