Product Description

7'x20' Equipment Trailer with 2-7000# axles, 16" steel wheels, and swing up ramp with feet.

The **Triple Crown 7x20 Equipment Trailer** is built to handle heavy-duty utility and equipment transport with ease. Featuring a spacious 7'x20' deck, this trailer is equipped with tandem 7,000 lb axles, providing an impressive GVWR of 14,000 lbs for hauling larger loads. Its 16" steel wheels offer excellent durability and stability, while the swing-up ramps with feet make loading and unloading heavy equipment simple and efficient. This new equipment trailer is perfect for contractors, landscapers, and anyone needing a reliable trailer for utility work and beyond.
