2 Day - \$149.99

Week - \$499.99

Month - \$1,205.99

This overseeder/dethatcher is durable, lightweight and easy to use! The new Toro slit seeders handle like a self-propelled push mower. Operators can make a tight turn-even on hills-with only one hand. The variable-speed drive system operates in forward and reverse.

All models are constructed of solid 11-gauge steel for maximum durability. Blades are made of high-carbon, heat-treated spring steel that can handle abuse without chipping or bending.

A large 40-lb capacity seed mixer regulates seed delivery based on ground speed for even application.
